1v1 Battle is a multiplayer build-and-fight 3rd person shooter featuring 1-on-1 matches. Train your skills in 1v1 PvP games and become a master at building while also battling other players in real-time!

Features

Quick matchmaking

No more time spent setting up a match; find a 1v1 multiplayer PVP match against real players within seconds! Just hit play to find a game instantly.

Unique training modes

- Shooting training - train your battle skills with various weapons including shotguns, sniper rifles, and many more in the shooting simulator.
- Trickshot training - train and master your trickshots.
- Build training - you can improve your building skills without the onslaught of enemy fire, perfect if you're just starting out!

Exciting gameplay

1v1 Battle is a competitive free-to-play shooter with a third-person view and intuitive controls, AAA quality graphics, and exciting gameplay. Outperform your rivals in the ultimate game of wit, accuracy, and raw skill!

Each build fight you win will allow you to improve your build fight shooting skills, rule the leaderboard, and become the greatest multiplayer PVP player of all time!
